Together, this will create a vibrant, caring environment that enhances the well-being of everyone involved.
 - Enhance visitor services at the Hilo and Kona piers, expanding cultural offerings with Hawaiian music and hula performances, and manage a visitor booth to distribute information and educate visitors about the Pono Pledge.  - Provide support and assistance to individuals who are away from home and facing adversity, such as crime, medical emergencies, and death. Maintain dedicated staff and volunteers who are available 24/7 to offer emotional support and practical help, demonstrating the aloha spirit in times of need.
- B. Create and manage a carrying capacity pilot of popular visitor hotspots to ensure that these locations can be enjoyed by future generations while maintaining the locations' ecological and cultural significance. This objective aims to foster a sustainable tourism model that benefits both the local community and the visitors who come to experience the beauty and heritage of Hawai'i Island.

Proposals shall be evaluated based on the Proposal Evaluation Criteria listed in Section 4.4.1. Any committee member with a conflict of interest with a proposer shall recuse his or herself from the review of that proposer's submission.

4.2 EVALUATION PHASES.

4.3 PHASE 1: SCREENING.

Application screening of all proposals for eligibility and completeness shall be completed automatically by the grant portal system.

4.4 PHASE 2: INITIAL PROPOSAL EVALUATION.

Phase 2 of the evaluation process provides for an evaluation committee to establish a priority list of proposers who will be included in Phase 3 of the evaluation process. No discussions with proposers shall take place during Phase 2 except for clarification purposes.

Phase 2 evaluation of the proposal will be conducted using the evaluation categories and numerical points in Section 4.4.1 and will be based solely on the submitted proposal. Phase 3 evaluation criteria have been assigned maximum numerical point values with all criteria totaling 100 points. The rating system is set up such that the highest points represent the best rating.

The Proposer's total score will be determined by the average of total points assigned to the Proposer, by all evaluators. Proposals whose evaluation committee scores in each category do not meet a minimum threshold of 70 will not advance to Phase 3 of the evaluation process.

The Proposers selected for the priority list shall be referred to as "Priority Listed Proposers" and will be included in Phase 3 of the evaluation process.

4.4.1 Evaluation Categories and Value.

The maximum points available in Phase 2 is 100 points, divided among the following categories.

- A. Demonstrated Sector/Community Need: Maximum 10 points. This section will be evaluated based on:
- The proposal provides a comprehensive and well-supported description of the sector or community need. Evidence is robust, relevant, and demonstrates the need for the project.

- How well the proposed outcomes advance the Department’s Goal and Program Area Objectives and demonstrate economic and equitable benefits to Hawai’i Island residents and businesses.
 - How well the proposed project demonstrates measurable positive impacts in the community during and after the award period.
- C. Project Feasibility: Maximum 15 points. This section will be evaluated based on:
- The extent to which the proposal reflects a coherent and feasible approach and includes a reasonable timeline for completion of all proposed activities.
 - The clarity with which specific roles and responsibilities are defined.
- D. Qualifications and Experience: Maximum 15 points. This section will be evaluated based on:
- Level of integrity, reliability, and credibility of the organization in the community.
 - The extent to which the organization has the capacity to carry out the proposed project, including the appropriate mission and structure to fulfill the needs and requirements of the proposed project.
 - The depth and breadth of experience in performing similar work.
- E. Project Partnerships: Maximum 10 points. This section will be evaluated based on:
- Duration and strength of partnerships related to the proposed project.
 - The demonstration of established partnerships that support the success of the proposed project.
- F. Fiscal Capability and Accountability: Maximum 20 points. This section will be evaluated based on:
- The reasonableness, accuracy, and thoroughness of the proposed project budget. This includes the appropriate allocation of funds based on planned activities.
 - Level and probability of non-County funds committed to the project.
 - Applicant’s knowledge and implementation of appropriate fiscal controls and policies.

4.5 PHASE 3: PRIORITY LISTED PROPOSER EVALUATION.

In Phase 3, evaluations shall be based on the criteria mentioned in Phase 2 and any discussion with Priority Listed Proposers, if applicable. Discussions may be conducted with individual proposers whose proposals are determined to be likely to be selected for

award (“Priority Listed Proposers”), but proposals may be selected without such discussions. Selected proposers should be prepared to give a presentation to the Department in support of their proposal prior to final selection, if deemed necessary. The Department reserves the right to request information from proposers at any time to clarify proposer’s submission.

The maximum evaluation points available for each proposer in Phase 3 is 100 points for the final evaluation of the Best and Final Offer submittal. Each Priority Listed Proposer’s final total score will be determined by an average of total points assigned to each proposer, by all evaluators. The evaluation committee reserves the right to have additional discussions with the Priority Listed Proposers prior to the submission of Best and Final Offer. If a Best and Final Offer is requested but not submitted by the designated date, the previous submittal will be construed as the Best and Final Offer.

The Department reserves the right to make an award based only on upon proposals as submitted or may require submittal of additional information, or oral presentation, or both.

The Department may conduct discussions with priority listed proposers to facilitate arriving at an agreement that will provide the best value to the County, taking into consideration the evaluation factors set forth in this RFP. Discussion shall be coordinated by the Department and all information regarding date, place, purpose, and attendance shall be recorded. Priority Listed Proposers shall be accorded fair and equal treatment with respect to any opportunity for discussions and revision of proposals. The Department also reserves the right to discuss with one or more proposers and request best and final offers provided that no proposer’s proposal or information regarding its negotiation with the Department shall be public information or shared with any other proposer until after an award is made. Upon award, the existing contract file, including but not limited to a copy of all successful and unsuccessful proposers’ proposals shall be made available for public inspection.

Proposers are reminded to designated in writing portions of their proposal they deem trade secret or proprietary data to be confidential. The Department further reserves the right to use any ideas presented in any proposal or as a result of any negotiation, unless marked “PROPRIETARY” whether from a successful or rejected proposal.

4.6 RECOMMENDATION FOR CONTRACT AWARD.

The evaluation committee shall prepare a report summarizing proposal evaluation rankings and provide recommendation for award of contract. The award shall be made to the proposers submitting the best proposals as determined by the evaluation committee. The award recommendation shall be based on the proposal deemed to best further the Department’s Goal and Program Objectives outlined in Section 2, and not necessarily on lowest cost.

4.7 REJECTION OF PROPOSALS.

The County reserves the right to accept or reject any or all proposals and to waive any defects in said RFP if deemed to be in the best interest of the County.

5 AWARD OF CONTRACT

5.1 AWARD NOTIFICATION

The proposer, upon being selected for grant funding, will be notified of award by the Department. Said notice shall not be construed to be authorization to proceed with the performance of any program. Any services performed by the Proposer prior to execution of the grant contract shall be at the proposer's own risk.

5.2 EXECUTION OF CONTRACTS

A contract document shall be executed by the Department and the selected proposer. This document will serve as the official and legal contractual instrument between both parties. 5.4 REPORTING REQUIREMENTS

If selected, the proposer shall be required to provide one or more reports, including a final report of the funded project to the Department through the Online Grant Portal. Department funding must be acknowledged in this report and in all other publications based on the project results. Interim reports may also be required per the contractual agreement.
